

MANY ASPIRE TO SUCCEED HARRELD

Unless End of World Occurs
Others Will Wet
Their Feet.

BOLEN IS THE LATEST

Giddings, Carr, Franklin,
Evans and Stafford
Already "In."

Special to The World.
OKLAHOMA CITY, Nov. 23.—If the law of supply and demand still maintains the price of democratic lightning rods is due for a tilt. Apparently every aspirant has the idea that the defeat of J. W. Harreld, republican, elected to succeed the late Joe B. Thompson, is to be "as easy as falling off a log" next year.

There are no less than six active and energetic aspirants whose hats are either in the ring or "on the way." The list includes:

E. J. Giddings, Oklahoma City attorney, and one of the "wheel horses" of Oklahoma county democratic organization.

Henry M. Carr, Pauls Valley, chairman of board of control for elementary institutions, four days a primary candidate to succeed Congressman Thompson, and later manager of Claude Weaver campaign.

William Franklin, clerk of state supreme court, also a primary candidate in the recent campaign.

Franklin will open campaign headquarters on or before January 1.

Hubert L. Bolen, internal revenue collector for Oklahoma, is the latest aspirant to "beat his tin" rod.

Kay E. Stafford, formerly editor of the Daily Oklahoman, recently converted into the millionaire class through the development of oil properties in Louisiana.

Dr. Charles Evans, educator, publisher, writer and a newly arrived entrant in the political field. Evans at one time was superintendent of Ardmore schools and a former fellow student of Congressman Harreld.

Later president of the Central State Normal school at Edmond, and until 1908 president of Henry Kendall college at Tulsa.

It is early yet. There probably will be many more aspirants and many of the aspirants will develop, no doubt, into likely candidates. In other words, ambitious democrats are of the opinion that "the water" will be fine next year.

Manslaughter Verdict.
WACO, Texas, Nov. 22.—The jury in the case of the government against Tom Parker, charged with the murder of Joe B. White, filed a verdict of voluntary manslaughter in the federal court here at 3 o'clock this afternoon. The killing took place March 17, 1915, in front of the post-office. The court did not assess the punishment today.

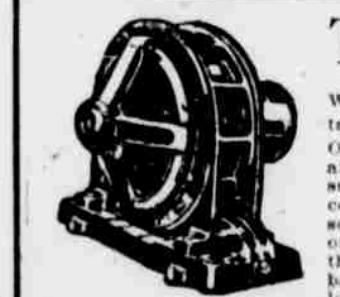

During the month of July, 1919, 47,000 long distance messages were completed over toll lines through Tulsa. That means that 94,000 lives were connected by slender copper wire. 94,000 lives were made happy by messages of success, or saddened by disappointments. Doesn't that sound romantic, would you not like to have a part in this business? If so, see Miss Miller, 305 Calumet Bldg., S. W. Bell Telephone Co.—Adv.

STATE BRIEFS

BRISTOW, Nov. 23.—A one-story school building will be built here as the result of voters approving the \$25,000 school bond election.

HOMINY, Nov. 23.—A bond election will be held December 23 to vote \$125,000 of bonds for water and sewer improvements and a new city hall.

WAGONER, Nov. 23.—County Judge Moss will tomorrow arraign John and C. C. McKinney, Brown, Armstrong and Vann, accused of embezzling cotton.

CLAREMORE, Nov. 23.—District Judge C. W. Mason will convene a court for December 1. Criminal trials start January 5, next, and 57 are docketed.

BARTLESVILLE, Nov. 23.—Delaware Indians had charge of funeral of Arthur Armstrong, Delaware pioneer. Besides the tribal ceremony Rev. J. B. Rounds of Oklahoma City, preached the sermon. The G. A. R. attended.

ADA, Nov. 23.—A load of 1,030 pounds of seed cotton yielded 413 pounds of lint for W. S. Woods. The cotton was grown from seed furnished by the department of agriculture.

OKMULGEE, Nov. 23.—A special county judge will be chosen tomorrow to replace Riley Cleveland, disqualified from sitting in case of state versus E. W. Kimbley, guardian of Katie Felixo Maney.

Paint and Powder Banned.
The Y. W. C. A. of the high school has been carrying on a campaign against paint and powder and other make-up in the form of posters.

How many lives do you touch in your daily work? Think of having your voice traveling hundreds of miles every day, searching out obscure towns and villages, being the medium by which large business interests are brought together, and by which fortunes are made and lost. Call and talk with the principal of our training school, Osage 3300, S. W. Bell Telephone Co.—Adv.

New Telephone Directory will go to press December 12. Subscribers desiring any changes or corrections made in directory should call at Contract department and arrange for same before the above date.—Adv.

MRS. TODD RELATES STORY OF TROUBLE

Lost Steadily and Could Not Find Relief—Every Sign of Trouble Disappeared.

The remarkable experience of Mrs. Mollie Todd, a well known resident of Fort Worth, Texas, living at 706 North Elm street, is another striking evidence of the extraordinary merits of Orgatone treatment. In speaking of her seven years of suffering and subsequent relief, Mrs. Todd said:
"I am proud to say that I have gained in weight and strength and feel like a new woman in four weeks taking this Orgatone."
"My trouble had been growing worse instead of better all the time," she continued. "It was almost impossible for me to do any of my house work on account of terrible rheumatic pains. I began to lose weight and could not find anything to relieve my pain or build me up."
"After I had suffered for more than seven years without getting any better, I read of some of the good work Orgatone treatment was doing right here in Fort Worth and I started taking it. As I have said before, I gained in weight and strength and feel like a new woman and I haven't felt a sign of the old rheumatic or indigestion troubles since. I have taken only four bottles of Orgatone so far, but from the way I have improved already, I am glad to recommend it to everybody."
Orgatone is not a so called patent or secret remedy but a new scientific treatment absolutely free from alcohol in any form and is sold in Tulsa by Roy H. Getman's Rexall Store exclusively, under the personal direction of a special Orgatone representative. Other agents are the Rexall Store, West Tulsa.—adv.

There Is a Reason
Why you should ship us your electrical machinery today for repairs. Our process of repairing, rebuilding and rewinding electrical machinery is superior to the old repair shop process. Each and every coil is treated separately with a specially prepared oil and water resisting baking varnish then placed in an electrical oven and baked for six hours which makes the loose insulation as hard as a rock.

After winding, the motor is submerged in a bath of baking varnish and the entire motor placed in an oven for a period of four hours.
